29<sup>th</sup> March 2023

Dear Parents / Carers

We are excited to confirm that building works to extend our dining room facilities will commence on Monday 3<sup>rd</sup> April 2023. When complete, this build will enable all of our pupils to access a spacious, modern dining area during their breaks and lunches, and also provide an additional conference space for academy events.

To accommodate the construction and ensure the site remains safe for pupils, staff and visitors at all times, it has been necessary to make some slight amendments to the access routes into the academy. Please note that:

- Pupils should continue to use their dedicated entrance / exit gate to the Academy Site:
  - Route A - Sheldon Heath Road – 6<sup>th</sup> Form and Year 11
  - Route B - Admington Road – Year 8 and Year 10
  - Route C – Kenmure Road – Year 7 and Year 9

*However, 6<sup>th</sup> Form and Year 11 pupils who cycle to school should use Route C (Kenmure Road) to enable safe access to the bicycle shelters.*

- During construction all visitors should park in the main academy car park and follow the route marked red on the attached plan. This shows a pathway around the perimeter of the building site into the main reception area.
- A disabled drop off zone has been created which is highlighted purple on the attached plan. Students with mobility issues are to follow the purple route to the side of the existing academy dining hall where they will be greeted and supported by a member of the staff team.

Finally, to ensure building works do not disrupt the summer external A Level and GCSE examinations, construction will be paused during this period and resume once examinations have finished.

If you have any questions or queries relating to the building works then please contact Jack Ashford, Site Manager through our enquiries email address at [enquiries@keshacademy.com](mailto:enquiries@keshacademy.com)

Yours faithfully

Rebecca Elcocks  
Principal
